Please summarize your about volunteer experience (please attach extra sheet if necessary) with IFRE.

IFRE were very helpful before I arrived and very helpful and welcoming after I arrived. I understand why I couldn't work in my desired project which is okay. In my first project, I had a good time helping the children in the guarderia but I felt more useful in the recycling and teaching projects that I volunteered to participate in. A lot of the time, the children were asked on their own.

The host family was perfect! Very friendly, always concerned and they showed me their home village. They included me in everything.

In the guarderia, we would try and play games and teach english although many kids would do their own thing.

The people I worked with were however, lovely. In the English lessons, many had low levels and this meant that progress with them was more rapid. It was a fantastic challenge.

~~My mother is very grateful to IFRE's US staff for informing her of any problems and dealing with her with such a high level of compassion and professionalism. I would highly recommend IFRE to anyone who is looking for a volunteer abroad program. It was a very good experience and I would highly recommend it to anyone who is looking for a volunteer abroad program.~~
